

Coverall 2.0

Disposable Protective Coverall

V01
04/2026

Description

- Category III protective coverall, Type 5 & 6

Area of application

- Suitable for use as protection during all kinds of painting work
- Provides protection against chemical splashes and dry particles

Benefits

- Antistatic coating (EN 1149-5:2008)
- Breathable
- Knitted cuffs securely close open ends and provide additional comfort
- Latex- and silicone-free

Application advice

- Do not use if defects are detected (e.g. faulty seams, defective zip).
- If necessary, use additional equipment with equivalent protective properties (e.g. gloves, respiratory protection, boots, etc.) to ensure full body protection

Safety issues

Directions for handling and waste disposal are in our Material Safety Data Sheet and the specifications of the Employers Liability Insurance Association for the chemical industry.

The before mentioned technical data and information, especially the recommendations for applying and using our products, are based on our current knowledge and experience when applied under normal conditions. In practice, the materials, surfaces or site conditions are so different that no warranty regarding the working results or liability, arising out of any relationship, can be inferred neither from this information nor from a verbal consultation, except we are charged with intent or gross negligence. In this case the user is obliged to prove that he has informed us about all points required for a proper and promising judgement in writing, in time and completely. Patent rights of any third party are to be observed. Furthermore, our general sales and delivery Terms and Conditions and the latest Technical Data Sheet, which should be demanded, apply.
