

# CS LED Lamp

## LED Lamp

### :: CHARACTERISTIC

The Carsystem LED Lamp with the latest COB LED technology is perfectly suited for lighting places that can not be sufficiently reached by the normal body shop lights. Due to its battery operation the LED Lamp can be used wirelessly and flexibly and its 180° swivel stand offers the possibility to set the desired lighting angle. The Carsystem LED Lamp can be fixed as an additional light on the tripod and offers the possibility to use the lamp during the charging process.

Three adjustable light levels, the first level being the lowest and the third level the highest, offer the possibility to choose the required brightness.

Especially designed for the use in the body shop the lamp is very robust and additionally certified against the ingress of water and dust.

### :: APPLICATION

The CS LED Lamp can be used as a supporting light during all work. Whether in combination with the tripod or the magnet, the CS LED Lamp can be placed perfectly to ensure the best lighting conditions.

### :: PRODUCT DATA

#### Technical data

Watt:	20 watt
Charging time:	4 hours
Running time:	depends on level 10h / 5h / 2.5h
Light intensity:	Level 1: 500 lumen Level 2: 1.000 lumen Level 3: 2.000 lumen
Weight:	1,15 Kg
Product dimensions:	225x220x70mm
Charge cable:	EU plug
Battery:	11.1V 4400mAh Li-Ion
Working temperature:	-10 - 40°C
Certificate:	IP65   IK07

## :: HANDLING

### Caution:

- Avoid looking directly into the light source
- Do not use the lamp near open flames
- Switch off the lamp when not in use
