

# Sanding Disc P.25 Ceramic

*Paper Abrasive – 150 mm – 25-Hole*

V01  
05/2025

## Description

- High performance ceramic sanding disc
- Carsystem hole pattern with 25 holes and an oval center hole
- Mineral grain blend with ceramic content
- Durable paper backing / Velcro® Backing
- Color: Red

## Area of application

- Suitable for all sanding tasks from coarse to fine sanding

## Benefits

- Very effective material removal due to ceramic abrasive grain
- Long service life / High durability
- High resistance
- Reduced clogging of the abrasive thanks to CS hole pattern
- Stearate coating reduces clogging of the abrasive

## Product Data

### Technical data

Diameter:	150 mm
Hole pattern:	25-hole
Backing material:	Paper
Grain type	Grain mixture with ceramic content
Available grits:	P80, P120, P180, P240, P320, P400, P500, P600

## Safety issues

Directions for handling and waste disposal are in our Material Safety Data Sheet and the specifications of the Employers Liability Insurance Association for the chemical industry.

The before mentioned technical data and information, especially the recommendations for applying and using our products, are based on our current knowledge and experience when applied under normal conditions. In practice, the materials, surfaces or site conditions are so different that no warranty regarding the working results or liability, arising out of any relationship, can be inferred neither from this information nor from a verbal consultation, except we are charged with intent or gross negligence. In this case the user is obliged to prove that he has informed us about all points required for a proper and promising judgement in writing, in time and completely. Patent rights of any third party are to be observed. Furthermore, our general sales and delivery Terms and Conditions and the latest Technical Data Sheet, which should be demanded, apply.
