

:: Staub Stop Water

tack cloth

CHARACTERISTICS

The tack cloth Staub Stop Water is perfectly applicable for all painting and associated cleaning works where the perfect absorption of dust is evident. Its unique water-soluble hydro-impregnation absorbs and holds dust and dry dirt reliably. The comfortable, soft cloth is absolutely secure in application and glides perfectly over sanded and smooth surfaces. The cloth is totally free from silicone and wax, absolutely compatible with all kinds of paint and it never dries out. Due to its special composition and ingredients, the Staub Stop Water Black has extremely good sliding properties on the surface and thus, in combination with the absorption of all particles, antistatic properties.

APPLICATION

For reliable cleaning of smooth surfaces from dust and dry dirt. It is ideally suited for painting preparations. Its special water-soluble hydro-impregnation makes it perfect for the application with water-based paint coats.

PRODUCT DATA

Carrier: Non-woven, 70% Viscose, 30% Polyester

Specific weight (dry): 50 g/m²

SAFETY ISSUES

The before mentioned technical data and information, especially the recommendations for applying and using our products, are based on our current knowledge and experience when applied under normal conditions. In practice, the materials, surfaces or site conditions are so different that no warranty regarding the working results or liability, arising out of any relationship, can be inferred neither from this information nor from a verbal consultation, except we are charged with intent or gross negligence. In this case the user is obliged to prove that he has informed us about all points required for a proper and promising judgement in writing, in time and completely. Patent rights of any third party are to be observed. Furthermore, our general sales and delivery terms and conditions and the latest Technical Data Sheet, which should be demanded, apply.

Directions for handling and waste disposal are in our Material Safety Data Sheet and the specifications of the Employers Liability Insurance Association for the chemical industry.
