

CS UV LED Lamp XL

UV Lamp

:: CHARACTERISTIC

The Carsystem UV LED Lamp XL is used for the drying of UV products. Due to its battery operation it can be used wirelessly and flexibly and its 180° swivel stand offers the possibility to set the desired lighting angle.

Because of its bigger illumination area compared to the Carsystem UV LED Lamp and the possibility to use the lamp during the charging process, the Carsystem UV LED Lamp XL can also be used for drying larger areas.

Especially designed for the use in the body shop the lamp is very robust and additionally certified against the ingress of water and dust.

:: APPLICATION

The Carsystem UV LED Lamp XL can be used for the drying process of all Carsystem UV products. In combination with the tripod and the Carsystem UV LED Lamp XL you can cover all drying processes from spot repair to larger areas.

:: PRODUCT DATA

Technical data

Watt:	30 watt
Charging time:	3 hours 45 minutes
Running time:	2 hours 30 minutes
Weight:	1,340 Kg
Product dimensions:	266x237x59mm
Charge cable:	EU plug
Battery:	11.1V 5.2Ah Li-Ion
Working temperature:	-10 - 40°C
Certificate:	IP65 IK07

:: HANDLING

To avoid damages on the surface the magnet should not be placed on the auto body because of the strong magnetism.

At a distance of 30cm to the surface you can dry a diameter of 70cm with the Carsystem UV LED Lamp XL.

The use of the CS UV LED lamp XL is only permitted with the use of UV glasses. We can offer you our CS UV glasses (154.263) to provide the needed protection.

Caution:

- Avoid looking directly into the light source
- Do not use the lamp near open flames
- Switch off the lamp when not in use
- Only use this lamp for the purpose it is designed to, all modifications are strictly prohibited
- Protect the charge cable against oil, heat and sharp objects to prevent problems caused by damages

It is prohibited to dispose old devices in household rubbish. The old devices have to be handed over to suitable recycling facilities or returned to the distributor / manufacturer of the product.

If you have further questions about the disposal of the product or the disposal regulations of your country please contact the distributor / manufacturer of the product.
