

:: ProFlex Jupiter

75 mm - no holes

CHARACTERISTICS

The Carsystem ProFlex Jupiter sanding discs are used as the final sanding step before polishing. Due to its extremely uniform and shallow scratch pattern the Jupiter products create a perfect surface after sanding what largely reduces the polishing time.

APPLICATION

- Last step before polishing
- Perfect for dry sanding
- Uniform and shallow scratch pattern
- Reduction of the polishing time
- No elimination of the original paint texture
- No more wet sanding
- Work more clean & efficient
- Excellent durability

PRODUCT DATA

Type: Softfilm sanding discs

Size: ø 75 mm

Carrier material: Softfilm

Bonding: Special treated corundum in modified resin paper: integrated

Abrasive grit type: Special treated corundum

Dispersion: Closed

Hole system: No holes

Grits: P 2000, P 2500, P 3000

11/2019

HANDLING

The CS ProFlex Jupiter can be processed by machine. We recommend the following additional products:

- Processing by machine with the CS ProFlex Interface Pad Soft 75 mm 154.296
- Processing by machine with the CS Finish Sander 143.388

SAFETY ISSUES

The before mentioned technical data and information, especially the recommendations for applying and using our products, are based on our current knowledge and experience when applied under normal conditions. In practice, the materials, surfaces or site conditions are so different that no warranty regarding the working results or liability, arising out of any relationship, can be inferred neither from this information nor from a verbal consultation, except we are charged with intent or gross negligence. In this case the user is obliged to prove that he has informed us about all points required for a proper and promising judgement in writing, in time and completely. Patent rights of any third party are to be observed. Furthermore, our general sales and delivery Terms and Conditions and the latest Technical Data Sheet, which should be demanded, apply.

Directions for handling and waste disposal are in our Security Safety Data Sheet and the specifications of the Employers Liability Insurance Association for the chemical industry.
